

24 Free Resources to learn Cloud Architecture

Books

1. [System Design Interview – An Insider’s Guide by Alex Xu](#)
2. [The DevOps Handbook](#)
3. [Architecting the Cloud: Design Decisions for Cloud Computing Service Models](#)

Tech Blogs & Newsletters

1. **TechOps Examples** – Real-world ops scenarios and SRE notes
 <https://techopsexamples.com/>
 2. **ByteByteGo Newsletter** – System design visuals and case studies
 <https://blog.bytebytego.com/>
 3. **Tech5ense** – Deep dives into Cloud, DevOps & AI Infrastructure (by yours truly!)
 <https://www.tech5ense.com/>
 4. **System Design One** – Weekly breakdowns of distributed system patterns
 <https://systemdesign.one/>
 5. **DevOpsCube** – CI/CD, containerization, and infra tutorials
 <https://devopscube.com/>
-

YouTube Channels

1. **A Cloud Guru** – Hands-on cloud learning & certification prep
 <https://www.youtube.com/@acloudguru>

2. **Google Cloud Tech** – Official GCP channel with demos and deep dives

 <https://www.youtube.com/@GoogleCloudTech>

3. **Go Cloud Architects** – Cloud career growth & solution design insights

 <https://www.youtube.com/@GoCloudArchitects>

4. **TechWorld with Nana** – DevOps, CI/CD, and Kubernetes explained visually

 <https://www.youtube.com/@TechWorldwithNana>

5. **KodeKloud** – Hands-on DevOps, Kubernetes, and infrastructure labs

 <https://www.youtube.com/@KodeKloud>

Case Studies

1. **Netflix** – Global scaling & resilience with microservices

 <https://netflixtechblog.com/>

2. **Uber** – Real-time architecture under massive scale

 <https://www.uber.com/en-IN/blog/engineering/>

3. **Capital One** – Modern banking on the cloud

 <https://www.capitalone.com/tech/>

4. **Pinterest** – Large-scale image delivery & infrastructure

 <https://medium.com/pinterest-engineering>

5. **Etsy** – DevOps culture & resilient e-commerce systems

 <https://codeascraft.com/>

GitHub Repositories

1. **System Design Primer** – Comprehensive design prep repo

 <https://github.com/donnemartin/system-design-primer>

2. **Learn to Cloud** – Beginner-to-pro cloud learning roadmap

 <https://github.com/learntocloud/learn-to-cloud>

3. **Awesome Cloud-Native** – Curated CNCF ecosystem list

 <https://github.com/rootsongjc/awesome-cloud-native>

4. **DevOps Exercises** – Practical DevOps & SRE practice questions

 <https://github.com/bregman-arie/devops-exercises>

Hope it helps!
